

CheckEze™ *Product Specifications*

Built from 30 years of experience in library systems, CheckEze is truly the most user friendly, effective patron Self-check system available. CheckEze has all the features libraries have been requesting. The system works with all EM and RFID security systems. CheckEze reads barcodes in any position over a large area. The system is highly customizable and supports simultaneous barcode and RFID tag reading, writing and barcode to RFID conversion.

- RFID – ISO15693, 18000, Open Danish Data Standard, AFI Security
- EM Security is our specialty. The patented low power system desensitizes/resensitizes VHS and audio cassettes without degrading media.
- CD/DVD Security Case compatible with Gressco Kwik-Case, NexPak SecureCase and others. Electrical interface permits opening the case after check out approval. Rental fees supported.
- Detailed screen instructions in 14+ languages. Returns to English or desired language after transaction complete.
- On screen visual instructions allows Patron to use the system with confidence the first time.
- Notifies Patron of holds available at desk.
- Audible cues. Sound is highly focused to Patron's ear. Volume can be set by staff or turned off. Patron can adjust volume for his or her session only.
- **NEW FEATURE** - Staff can override Patron blocks easily at the touch screen or remotely with CheckEye Supervisory software. Bright flashing LED on back of CheckEze also alerts staff when Patron may need assistance.
- SIP2 Protocol. Works with most ILS Systems. One connection can be shared among multiple stations for easier network/firewall setup.
- Fee Payment systems - compatible with Jamex Vending, Vendapin and others.
- Reports: Send usage report to receipt printer right from touch screen. Instantly see usage for common periods i.e. daily, weekly, monthly subtalled by media types. All transaction details are saved to MDB (Microsoft Access) file for easy custom reports.
- Customize messages and verbal cues using standard text editor and .WAV/.WMV files.
- Receipt can be customized and may include custom graphics via the supplied high speed direct thermal printer. (We can substitute most any receipt printer.)
- Remote updates can be applied to one station or all.
- Options:
 - Deluxe real wood custom cabinet, specify color.
 - Smart Card Patron ID
